

Volunteer Forms

Volunteer Forms must be submitted in order for club members to be covered under the State's worker's compensation insurance coverage for volunteers. These forms are for unpaid volunteers only (any club paying wages must acquire their own worker's compensation insurance policy for paid employees). The "Club Volunteer Log" is used to track volunteer hours associated with snowmobile program activities such as summer and winter trail maintenance, travel to jobsite teaching a snowmobile class, etc. The "Club Volunteer Agreement" must be completed and signed by a club official at the beginning of each season. The accompanying "Club Volunteer Participant List" provides spaces for club volunteers' signature. Volunteers must provide their full name, address, and social security number in order to be covered. Failing to provide this information will result in no coverage for that volunteer.

Please provide the Club Volunteer Agreement and Club Volunteer Participant List as soon as possible to Helena Headquarters. A completed Club Volunteer Log must be submitted with this booklet by June 1, 2013
